Control strip: the right order (cut off and keep face down until the child checks)

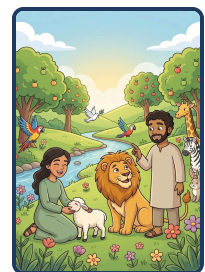

1 Light, Sky & Land

2 Sun, Fish & Animals

3 Day 7: Shabbat

4 Adam Names the Animals

Draw your favorite part of the story!

How to play

Mix up one set of 4 cards. The child lays them in a row, left to right, and tells the story: "First..., then..., next..., last...". Then turn over the control strip and check together. Two sets let two children (or two teams) play side by side.

Age 4 Three cards

- Use only Light, Sky & Land, Day 7: Shabbat, Adam Names the Animals. Say "first, next, last".
- Lay the control strip face up at first, so it is a matching game.

Age 5 All 4 cards

- Control strip face down. Child orders all 4, then checks.
- Retell each card with its movement from the story (tree arms, swim hands, rest...).

Age 6 What's missing?

- Lay out all 4 in order. Children close their eyes; take one away. Which card is missing?
- If they need a hint:
 - **Light, Sky & Land:** It has the word **אוֹר** (OR, light).
 - **Sun, Fish & Animals:** It has the word **דָּג** (DAG, fish).
 - **Day 7: Shabbat:** It has the word **שַׁבָּת** (sha-BAT, Shabbat).
 - **Adam Names the Animals:** It has the word **אַרְיֵה** (ar-YEH, lion).
- Harder: mix both sets and play memory (match the twins), then put one set in order.
